## DEFINING RACIAL HEALTH EQUITY (RHE): A LANDSCAPE AND SYSTEMATIC REVIEW

**29 August, 2023 | 10:00 AM - 1:00 PM**

"Racial health equity" is growing exponentially as a concept in the academic literature and was listed as a priority of the United States government, yet we lack consistent explanations for what this term means. We are delighted to announce a workshop on the terminology of racial health equity, a project funded by the Robert Wood Johnson Foundation, Cochrane international, and the Marymount Center for Optimal Aging.
