FY 2017 Instruction and Academic Support Expenses	82
2015-2017 Full-Time Instructional Faculty Average Salary	84

2017-18 Benchmarking Analysis Report Executive Summary

In Spring 2011, Marymount's Strategic Planning Committee (SPC) developed two lists of benchmark schools to provide a stronger comparison group for the University: (1) Peer Institutions and (2) Aspirant Institutions. The Peer Institutions group comprises those schools meeting the criteria set by the SPC on a host of institutional and student variables. First added to the 2010-11 edition of this report, the Aspirant Institutions group was derived using a smaller set of similar variables and some additional criteria. Note that Loyola University New Orleans and Saint Mary's College of California were previously in both benchmark groups, but after further examination have been considered solely Aspirant Institutions since the 2011-12 edition of this report.

A series of Marymount's defining characteristics were chosen to establish both the Peer Institutions and Aspirant Institutions lists. First, Marymount's *Peer Institutions* were determined based on the same characteristics as in 2011, including:

Institutional Variables

Degrees Offered	At least bachelor's and master's degrees
Type	Independent; non-profit
Degree of Urbanization	Within 25 miles of a metropolitan area of over 1,000,000
Location	Within 50 states
Religious Affiliations	Current affiliation with religious denomination

Student Variables

Total Headcount	Between 2,000 and 6,000 total students
Concentration Undergraduate	60%-90%
Concentration Full-Time	60%-90%
Concentration Female	60%-90%
Selectivity	Selecting 60% or more of first-college applicants
Percent Transfer at Graduation	30% or more
Residential Population	25%-75% of undergraduates

Second, the characteristics used to determine Marymount's *Aspirant Institutions* included:

Institutional Variables

Degrees Offered	At least bachelor's and master's degrees
Type	Independent; non-profit
On-Campus Housing	Yes

Student Variables

Total Headcount	Between 1,500 and 5,500 total students
Concentration Undergraduate	50%-90%
Concentration Full-Time	Greater than 50%
Total First-Year Undergraduate	Greater than 200 students
Retention Rate (2008-09)	At least 80%
Graduation Rate (2003 Cohort)	At least 60% (within six years)

Other Variables (*U.S. News & World Report*)

Ranking Category Regional University
Ranking within Category

After identifying the two benchmarking institution groups, the SPC developed a list of topics that would be useful as it gauges Marymount's progress on addressing the new strategic plan. Issues revolve around five major areas: (1) Enrollment and the Student Body; (2) Retention and Graduation; (3) Academic Experience and Programs; (4) Student Life Offerings; and (5) Financial and Operational Issues.

Data and Analysis:

The Office of Planning and Institutional Effectiveness was tasked with compiling available data and information relating to the SPC's specific topics. This report draws on a variety of sources, including the *Integrated Postsecondary Educational Data System (IPEDS)* from the U.S. Department of Education; *U.S. News & World Report*; the *Common Data Set*; and in some cases the institutions' websites. Quantitative data are generally from the 2017-18 academic year. The median (midpoint) for the benchmarking groups is presented and used to reflect institutions' overall performance on the measure. Use of any other statistics (e.g., five-year average) is noted in the text of the finding.

Major Findings:

Enrollment and the Student Body

- The percentage of Marymount's student body comprising graduate students is higher than its Peers or Aspirants.
- Marymount has fewer transfer students entering than its Peers but more than its Aspirants.
- Marymount's undergraduates and graduate students are more likely to be under 25 years of age and enrolling full-time than at Peers institutions.
- Compared to Aspirant institutions, Marymount's undergraduates are less traditional, and its graduate students are equally as likely to be under 25 years of age and enrolling full-time.
- At the undergraduate level, Marymount has a lower percentage of males enrolled than its Peers or Aspirants.
- Marymount's graduate students are more likely to be female than at its Peers or Aspirants.
- Marymount's undergraduate and graduate student populations are more racially and ethnically diverse than those of its Peers or Aspirants.
- Over the last five years, the average annual change in undergraduate enrollment at Peer institutions remained flat while Marymount and its Aspirants had an average decrease of 1%.
- Marymount, its Peers, and its Aspirants all had on average no change in graduate enrollment since 2013.
- Marymount is much less selective in accepting first-college applicants than its Peers or Aspirants though enrolls fewer of them compared to its Peers and as many as its Aspirants.
- Marymount's entering students' combined SAT Evidence-Based Reading and Writing and SAT Math score is about equal to its Peers (1057) but below its Aspirants (1158).

Retention and Graduation

- Marymount's five-year average retention rate of full-time, first-time undergraduates is higher than its Peers and substantially lower than its Aspirants.

- Entering first-college Pell Grant recipients are less likely to graduate (within six years) from Marymount than at its Peers or Aspirants.
- Based on the Fall 2011 incoming freshman class, Marymount has a lower four-, five-, and six-year graduation rate than its Peers or Aspirants.
- Marymount's average six-year graduation rate (53%) lags slightly behind its Peers, but falls short of its Aspirants' average rate over the last five years.
- Marymount produces more bachelor's and master's degree graduates than its Peers though only more master's degree graduates compared to its Aspirants.

Academic Experience and Programs

- Marymount is one few schools among its Peers to award a high proportion of its total bachelor's degrees in the biological sciences and information sciences fields but stands out only in the latter among its Aspirants.
- Eleven (11) of the Peers and all of the Aspirants offer bachelor's degrees in foreign languages, particularly French and Spanish, compared to Marymount's language minors.
- Service-learning in some form is required of all undergraduates at one-third of the Aspirants, while it is applied at the course level for Marymount and a majority of its Peers.
- Marymount offers more worldwide study abroad countries with approved programs than its Peers or Aspirants.
- A majority of Marymount's Aspirants and a couple of its Peers have a formal center or institute with a Business/Entrepreneurship mission, which Marymount currently lacks.
- Marymount has more full-time faculty than its Peers but less than its Aspirants.
- Marymount's full-time faculty is less likely to be of racial/ethnic minority than its Peers or Aspirants, but more likely to be female compared to both benchmarking groups.

Student Life Offerings

- Marymount is less likely than its Peers or Aspirants to offer performing arts opportunities.
- Unlike a majority of its Peers and Aspirants, Marymount does not have a school radio and/or television station.
- Although Marymount offers men's and women's triathlon unlike its Peers and Aspirants, it does not offer tennis and/or track and field for men and women as they mostly do.
- Nearly all of the Peer and Aspirant institutions that offer intercollegiate men's baseball also offer women's softball, but Marymount does not.
- The percentage of Marymount undergraduate students engaged in campus employment (excluding Federal Work Study) is below the rate at both Peers and Aspirants, but MU students on average earn more annually than at both benchmarking groups.

Financial and Operational Issues

- Marymount's total cost is above its Peers and below its Aspirants.
- Room and board charges at Marymount exceed its Peers' charges and are equal to its Aspirants' charges.
- Since 2013-14, Marymount's average annual tuition increase (4%) slightly outpaced the 3% increase by its Peers and Aspirants.

- Marymount has a lower percentage of students with Pell Grants than its Peers but the same percentage as its Aspirants.
- Marymount's average dollar amount for institutional grants (\$15,757) to full-time, first-time freshmen is equal to its Peers (\$15,749) but is less than its Aspirants (\$22,413).
- The percentage of full-time, first-time freshmen at Marymount taking out loans is less than at its Peers or Aspirants.
- Marymount's endowment per FTE enrollment (\$13,780) is greater than its Peers (\$11,883) and less than one-third the size of its Aspirants (\$43,459).
- Marymount continues to have a slightly better reputation than its Peers but a less favorable one than its Aspirants, according to the *U.S. News & World Report* survey.
- For the most recent *U.S. News* survey year, Marymount's undergraduate alumni giving participation rate (4%) was one-half the level at Peers and one-third the level at Aspirants.
- The proportion of Marymount's combined total expenses for instruction and academic support (55%) is greater than its Peers or Aspirants.
- Over the last three years, average faculty salary (excluding non-salary compensation) at Peers and Aspirants rose an average of 2% compared to 1% at Marymount.

Note: Peer Assessment Score obtained from *U.S. News & World Report* institutional profiles.

* Peer assessment is used to measure how the school is regarded by administrators at peer institutions (determined by *U.S. News*). A school's Peer Assessment Score is determined by surveying the presidents, provosts and deans of admissions, or equivalent positions, at institutions in the school's category. Each individual was asked to **rate peer schools' undergraduate academic programs on a scale from 1 (marginal) to 5 (distinguished)**.

Note: Alumni Giving Rate obtained from *U.S. News & World Report* institutional profiles.

* The average percentage of undergraduate alumni of record who donated money to the college or university. Alumni of record are former full- or part-time students who received an undergraduate degree and for whom the college or university has a current address. Graduates who earned only a graduate degree are excluded. Undergraduate alumni donors are alumni with undergraduate degrees from an institution who made one or more gifts for either current operations or capital expenses during the specified academic year. The Alumni Giving Rate is calculated by dividing the number of alumni donors during a given academic year by the number of alumni of record for that same year. **The percentages in the table (used for the U.S. News ranking) are the average of the two previous years of reported Alumni Giving Rates.** For example, the percentages in Survey Year 2017-18 are the average of the Alumni Giving Rate for each institution in the 2015-2016 and 2016-2017 academic years.

Note: Alumni Giving Rate obtained from *U.S. News & World Report* institutional profiles.

* The average percentage of undergraduate alumni of record who donated money to the college or university. Alumni of record are former full- or part-time students who received an undergraduate degree and for whom the college or university has a current address. Graduates who earned only a graduate degree are excluded. Undergraduate alumni donors are alumni with undergraduate degrees from an institution who made one or more gifts for either current operations or capital expenses during the specified academic year. The Alumni Giving Rate is calculated by dividing the number of alumni donors during a given academic year by the number of alumni of record for that same year. **The percentages in the table (used for the U.S. News ranking) are the average of the two previous years of reported Alumni Giving Rates.** For example, the percentages in Survey Year 2017-18 are the average of the Alumni Giving Rate for each institution in the 2015-2016 and 2016-2017 academic years.
