2013-2015 Full-Time Instructional Faculty Average Salary	82

2015-16 Benchmarking Analysis Report Executive Summary

In Spring 2011, Marymount's Strategic Planning Committee (SPC) developed two lists of benchmark schools to provide a stronger comparison group for the University: (1) Peer Institutions and (2) Aspirant Institutions. The Peer Institutions group comprises those schools meeting the criteria set by the SPC on a host of institutional and student variables. First added to the 2010-11 edition of this report, the Aspirant Institutions group was derived using a smaller set of similar variables and some additional criteria. Note that Loyola University New Orleans and Saint Mary's College of California were previously in both benchmark groups, but after further examination have been considered solely Aspirant Institutions since the 2011-12 edition of this report.

A series of Marymount's defining characteristics were chosen to establish both the Peer Institutions and Aspirant Institutions lists. First, Marymount's *Peer Institutions* were determined based on the same characteristics as in 2011, including:

Institutional Variables

Degrees Offered	At least bachelor's and master's degrees
Type	Independent; non-profit
Degree of Urbanization	Within 25 miles of a metropolitan area of over 1,000,000
Location	Within 50 states
Religious Affiliations	Current affiliation with religious denomination

Student Variables

Total Headcount	Between 2,000 and 6,000 total students
Concentration Undergraduate	60%-90%
Concentration Full-Time	60%-90%
Concentration Female	60%-90%
Selectivity	Selecting 60% or more of first-college applicants
Percent Transfer at Graduation	30% or more
Residential Population	25%-75% of undergraduates

Second, the characteristics used to determine Marymount's *Aspirant Institutions* included:

Institutional Variables

Degrees Offered	At least bachelor's and master's degrees
Type	Independent; non-profit
On-Campus Housing	Yes

Student Variables

Total Headcount	Between 1,500 and 5,500 total students
Concentration Undergraduate	50%-90%
Concentration Full-Time	Greater than 50%
Total First-Year Undergraduate	Greater than 200 students
Retention Rate (2008-09)	At least 80%
Graduation Rate (2003 Cohort)	At least 60% (within six years)

Other Variables (*U.S. News & World Report*)

Ranking Category Regional University
Ranking within Category

After identifying the two benchmarking institution groups, the SPC developed a list of topics that would be useful as it gauges Marymount's progress on addressing the new strategic plan. Issues revolve around five major areas: (1) Enrollment and the Student Body; (2) Retention and Graduation; (3) Academic Experience and Programs; (4) Student Life Offerings; and (5) Financial and Operational Issues.

Data and Analysis:

The Office of Planning and Institutional Effectiveness was tasked with compiling available data and information relating to the SPC's specific topics. This report draws on a variety of sources, including the *Integrated Postsecondary Educational Data System (IPEDS)* from the U.S. Department of Education; *U.S. News & World Report*; the *Common Data Set*; and in some cases the institutions' websites. Quantitative data are generally from the 2015-16 academic year. The median (midpoint) for the benchmarking groups is presented and used to reflect institutions' overall performance on the measure. Use of any other statistics (e.g., five-year average) is noted in the text of the finding.

Major Findings:

Enrollment and the Student Body

- The percentage of Marymount's student body comprising graduate students is higher than its Peers or Aspirants.
- Marymount has more transfer students entering than its Peers or Aspirants.
- Marymount's undergraduates are as traditional (under the age of 25 and enrolling full-time) as at its Peers, but much less so than at its Aspirants, particularly regarding age.
- Marymount's graduate students are more likely than those of its Peers to be under the age of 25 and enrolling full-time, and equally as likely as those of its Aspirants.
- Marymount lags only slightly behind its Peers and Aspirants in undergraduate males.
- At the graduate level, Marymount's female-to-male ratio of 4:1 is about equal to its Peers but higher than its Aspirants of 3:1.
- Marymount's undergraduate and graduate student populations are more racially and ethnically diverse than those of its Peers or Aspirants.
- Over the last five years, Marymount's small average decrease (-1%) in undergraduate enrollment is below the flat (0%) average growth of its Peers and Aspirants.
- Marymount's average year-to-year change in graduate enrollment was negative while it was positive at Peer institutions and remained flat at Aspirant institutions.
- Marymount is less selective in accepting first-college applicants than its Peers or Aspirants but enrolls less of these applicants than its Peers and only slightly more than its Aspirants.
- Marymount's entering students' overall critical reading and math SAT scores are 10 points above its Peers but 120 points below its Aspirants.

Retention and Graduation

- Marymount's five-year average retention rate of full-time, first-time undergraduates is equal to its Peers and substantially below its Aspirants.

- Based on the Fall 2009 incoming freshman class, Marymount has a lower four-, five-, and six-year graduation rate than its Peers or Aspirants.
- Marymount's average six-year graduation rate (51%) lags slightly behind its Peers, but falls short of its Aspirants' average rate over the last five years.
- Marymount produces more bachelor's and master's degree graduates than its Peers, but only more master's degree graduates compared to its Aspirants.

Academic Experience and Programs

- Marymount is the only school among its Peers or Aspirants to award a high proportion of its total bachelor's degrees in the visual arts/design fields, though one-third of its Aspirants had performing arts as one of their five most popular programs based on bachelor's degrees.
- Twelve (12) of the Peers and all of the Aspirants offer bachelor's degrees in foreign languages, particularly French and Spanish, compared to Marymount's language minors.
- Marymount is unique for requiring an internship for all undergraduates, while only one of its Peers and two of its Aspirants require an internship *or similar experience*.
- Service-learning is required of all undergraduates at two of Marymount's Peers and at four of its Aspirants.
- Marymount offers more worldwide study abroad countries with approved programs than its Peers or Aspirants.
- Like Marymount, more than one-third of its Peers have a formal center or institute with a Health/Wellness mission, while only two of its Aspirants have such center or institute.
- Marymount has more full-time faculty than its Peers but less than its Aspirants.
- Marymount's full-time faculty is as likely to be of racial/ethnic minority as its Peers or Aspirants, but more likely to be female than for both benchmarking groups.

Student Life Offerings

- Marymount is less likely than its Peers or Aspirants to offer performing arts opportunities.
- Unlike a majority of its Peers and Aspirants, Marymount does not have a school radio and/or television station.
- While Marymount is unique in offering men's and women's triathlon, both its Peers and Aspirants more commonly offer tennis and/or track and field for men and women.
- Nearly all of the Peer and Aspirant institutions that offer intercollegiate men's baseball also offer women's softball, but Marymount does not.
- The percentage of Marymount undergraduate students engaged in campus employment (excluding Federal Work Study) is below the rate at both Peers and Aspirants, but MU students on average annually earn the same as those at Peers and more than at Aspirants.

Financial and Operational Issues

- Marymount's total cost is above its Peers and below its Aspirants.
- Room and board charges at Marymount exceed both its Peers' and Aspirants' charges.
- Since 2011-12, Marymount's average tuition increase (4%) slightly outpaced its Peers (3%) but remained equal to its Aspirants (4%).
- Marymount has a lower percentage of students with Pell Grants than its Peers and about the same as its Aspirants.

- A similar percentage of Marymount's full-time, first-time freshmen received institutional grants as at Peers and Aspirants, but while MU's average dollar amount of these awards (\$13,996) is nearly equal to its Peers (\$14,008), it is far below its Aspirants (\$20,216).
- The percentage of full-time, first-time freshmen at Marymount taking out loans is less than at its Peers or Aspirants.
- Marymount's three-year average endowment per FTE enrollment (\$11,901) is greater than its Peers (\$9,850) and about one-fourth the size of its Aspirants (\$41,351).
- Marymount continues to have a slightly better reputation than its Peers but a less favorable one than its Aspirants, according to the *U.S. News & World Report* survey.
- For the most recent *U.S. News* survey year, Marymount's undergraduate alumni giving participation rate was one-half the level at Peers and one-third the level at Aspirants.
- The proportion of Marymount's total expenses for instruction and academic support (55%) is greater than its Peers or Aspirants.

Note: Peer Assessment Score obtained from *U.S. News & World Report* institutional profiles.

* Peer assessment is used to measure how the school is regarded by administrators at peer institutions (determined by *U.S. News*). A school's Peer Assessment Score is determined by surveying the presidents, provosts and deans of admissions, or equivalent positions, at institutions in the school's category. Each individual was asked to **rate peer schools' undergraduate academic programs on a scale from 1 (marginal) to 5 (distinguished)**.

Median	7%	8%	8%	7%

Note: Alumni Giving Rate obtained from *U.S. News & World Report* institutional profiles.

* The average percentage of undergraduate alumni of record who donated money to the college or university. Alumni of record are former full- or part-time students who received an undergraduate degree and for whom the college or university has a current address. Graduates who earned only a graduate degree are excluded. Undergraduate alumni donors are alumni with undergraduate degrees from an institution who made one or more gifts for either current operations or capital expenses during the specified academic year. The Alumni Giving Rate is calculated by dividing the number of alumni donors during a given academic year by the number of alumni of record for that same year. **The percentages in the table (used for the U.S. News ranking) are the average of the two previous years of reported Alumni Giving Rates.** For example, the percentages in Survey Year 2015-16 are the average of the Alumni Giving Rate for each institution in the 2013-2014 and 2014-2015 academic years.
